

REGIONAL INSTITUTIONAL FRAMEWORK DEVELOPMENTS PERTAINING TO SOPAC

On 17 October 2007, at the 38th Pacific Islands Forum, Leaders expressed "the need to rationalise the functions of the Pacific Islands Applied Geoscience Commission (SOPAC) with the work programmes of the Secretariat of the Pacific Community (SPC) and the Secretariat of the Pacific Regional Environment Programme (SPREP) with the view to absorbing those functions of SOPAC into SPC and SPREP" (para. 19b of the Forum Leaders' Communique of 2007).

Following that, at the 36th SOPAC Session (AS36) in November 2007, the SOPAC Governing Council decided on a way forward < [Decision](#) > in response to [Para.19b](#) of the Forum Leaders' 2007 Communiqué. This page was created to track milestone events and associated documentation for the SOPAC Secretariat.

On 21 August 2008 (Fiji Time) the Forum Leaders' Communique 2008 released after the Leaders met in Niue reaffirmed the Leaders' 2007 decision, clarified timelines, and issued directives to governing councils of affected organisations to take final decisions on the new institutional arrangements during 2009, and for implementation to commence immediately following those decisions ([Para. 20](#) of 2008 Communique).

In July 2009, at an unprecedented joint SPC, SPREP and SOPAC governing councils' meeting, chaired by the Secretary General of the Pacific Islands Forum Secretariat, Members apportioned the SOPAC functions and programmes that would transfer to SPC and those that would transfer to SPREP.

On 6 August 2009, the Pacific Forum Leaders at their 40th Meeting in Cairns, Australia, noted the [decisions](#) of the governing bodies of SPC, SPREP and SOPAC that met jointly in July 2009.

At the 38th SOPAC Session in October 2009, the SOPAC Governing Council in recognising the challenge to meet the January 2010 timeline set by Leaders in Niue in 2008, while complying with the timelines and legal requirements of the "Agreement Establishing SOPAC" adopted a [resolution](#) that called for the development of integration agreements between SOPAC and the receiving organisations (SPC and SPREP).

On 6 August 2010, at the 41st Forum Leaders' Meeting, Leaders "welcomed the signing at their Plenary Session on 4 August 2010 of the Letter of Agreement between SPC and SOPAC relating to the final transfer of the core functions. Leaders acknowledged the importance of ensuring adequate resources for SOPAC's functions beyond the RIF to ensure that the overall level of service is not diminished."

In October 2010, the SOPAC Governing Council took the decision to suspend the Commission, delegating the role to oversee the closure of the Commission to the Director General of SPC assisted by a troika comprising the past Chair (Vanuatu), the current Chair (Australia) and the 2010 Vice-Chair (Cook Islands).

Suspension of SOPAC Commission

On 7 August 2012, "Director-General [of the SPC] Dr Jimmie Rodgers, presented to [a] Special Session of [the] CRGA a joint letter signed between Dr Russell Howorth in his capacity as Director of SOPAC Commission and himself confirming the full and effective closure of the SOPAC Commission. The Director General advised the meeting that all the requirements for the formal closure of the Commission had now been completed with the finalisation of its closing audit. In this regard the [joint letter](#) was the final communication confirming the 'Letter of Agreement of August 2010' [as] fully implemented."
