

Ms Kathryn Hawley, The Asia Foundation's Director - Pacific Program welcomes SOPAC staff to the grant and financial management workshop. Manila based TAF staff: Ms Maricel Dela Cruz and Ms Cynthia Ramirez are pictured with the workshop participants.

The Asia Foundation conducted Grant and Financial Management Training this month for SOPAC as part of the Foundation's commitment to its partners. The two half-day sessions were conducted by the Director of Finance and Administration, Maricel Dela Cruz, assisted by Cynthia Ramirez, the Grants & Administrative Assistant, both from the Foundation's Philippines office. Their visit was coordinated by TAF's Director Pacific Program, Kathryn Hawley. The training provided those who attended a greater understanding of how the Foundation makes and manages grants in support of project activities. At the end of the sessions, the participants, from both the finance unit and the community risk program, have a stronger appreciation and clearer perspective on how to more effectively manage grants – substantively and financially.
